

The Modern Safe

High Security Burglary & Fire Protection

With a combination of commercial level security and European-crafted custom interiors, The Modern Safe is designed to protect your valuables from theft and fire while offering the sensibility of functional design for daily use.

- heavy-duty E Rate construction similar to a TL-15
- high-density proprietary composite material ensures superior burglary protection
- armor plate reinforces door and bolt chambers for added security
- glass-plate relocking system protects against drill attacks on lock
- 1½" diameter steel bolts interlock within reinforced bolt chambers
- Class 350° 1-hour fire label
- U.L. Group 2 digital lock for quick and easy access
- optional: high gloss exterior finish

MODEL	EXTERIOR (h x w x d)	TOTAL DEPTH door open 90°	TOTAL WIDTH door open 180°	WEIGHT lbs.
MOD 2014	24" x 18½" x 21½"	39"	34"	570 lbs.
MOD 2517	29" x 21½" x 21½"	41½"	39¾"	840 lbs.
MOD 3219	37" x 23½" x 23½"	45½"	43¾"	1,325 lbs.
MOD 5520 SL	59" x 24½" x 20"	43"	45¾"	1,455 lbs.

Add 2" to overall depth to accommodate for hinges, lock and handle.

The Modern Safe Interior

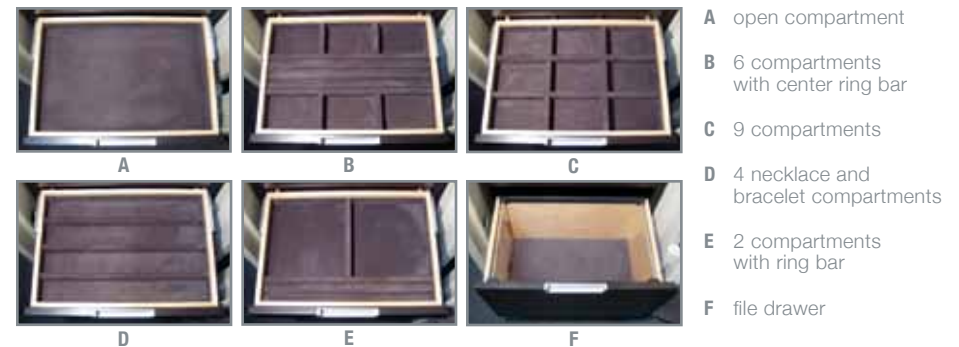

Organized. Accessible. Smart.

Selecting high quality materials for our safe interiors is pivotal. The quality of our construction materials result in aesthetic and sustainable excellence.

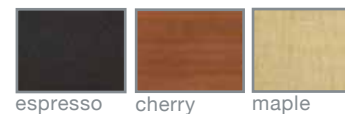

- European craftsmanship and design
- luxurious ultra-suede lined drawers and jewelry compartments
- matte finish aluminum flush mounted handles from Italy
- premium ball-bearing full extension drawer slides
- standard configurations or custom built to your specifications
- optional: Orbita® watch winders
